Note: Before exporting to Ace Payroll first make sure that the *Payroll ID* and the *Department Code* for each of your employees in TimeDock match their respective values within Ace Payroll.

Export timesheet file from TimeDock

1. Login to your TimeDock account and navigate to *Export*.
2. Choose *Ace Payroll* from the list of export formats.
3. Select your timesheet date range by modifying the *From* and *To* filters. You can also choose a different rounding option or filter the exported timesheets by a specific department.
4. Choose if you want to create automatic break deductions by changing the settings in the *Break Deductions* box.
5. Choose your department mode for employee matching. N.B. the employee department code must match to the employee department code within Ace Payroll.
6. Click *Download File* to save the timesheet file to your computer. The file name should be kept as *IMPORT.TXT* and in most cases the file location should be *c:\winpay* (unless the configuration in Ace Payroll has been changed).

Import timesheet file into Ace Payroll

1. Open your Ace Payroll application.
2. Navigate to *Utilities*.
3. Click on *Import Data*.
4. A screen will appear with instruction on what the filename should be and where it should be located on your computer. Ensure this is correct, and click *GO*.
5. Ace Payroll will scan the file for any errors. If no errors are detected, click *GO* again to perform the import.
